REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Rao (US 6920155 B2) teaches a similar method for determining the propagation delay among base stations connected to a base station controller in an HDLC system, while suggesting its use in a SDH system. However, Rao does not teach nor suggest the particular value of the propagation delay by adding propagation delay measured according to a count value of round trip delay of the SDH frame containing the test pattern to a delay error calculated from detection information of the FAW, nor the compensating for propagation delay of the intermediate signal in a time unit less than one chip duration according to the received propagation delay information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Marcelo whose telephone number is 571-272-3125. The examiner can normally be reached on Mon-Fri 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Firmin Backer can be reached on 571-272-6703. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
